Were you satisfied with the communication from the NWLL website?

87 responses

so much better than previous years with standings and pitch counts--awesome!

Really liked twitter for general quick communications keep it up

Include standings and schedule

Just moved to Calgary. Finding the diamonds and maps of where they are located was not easy. Should not be "PDF" but should be linked via google maps

Were you satisfied with the communication from your coaches/managers?

87 responses

Not husband and wife

If your child was in minor or above, were you satisfied with the evaluation process? T-ball/coach pitch -- please select n/a .

87 responses

Don't have them over Spring Break x5 **Evaluations will only be on the first Saturday of spring break this year!!!!!!**

Eliminate it. The focus should be enjoyment of the game, not winning and who is best.

A little too much standing around for 9-year-olds. Tough for them to be patient.

Were you satisfied with the process of picking up and dropping off the uniforms?

87 responses

Need new uniforms x3

Were you satisfied with the schedule?

87 responses

Our child was 5 this season and played t ball. Games were way too late for her and practices seemed a bit long especially when she had school the next day. Our practices were at 6 and games started at 7. Many games went till 8—just too late for little people. It would be great to have practices at 6, games at 6:30 and done no later than 7:30 for the little guys

Majors team - there weren't regular practices. Maybe one every two weeks. I would appreciate a regular practice schedule.

Practices should be set up by NWLL for the teams and not left to the coaches to do. That isn't fair to the coaches or the kids.

Were you satisfied with the quality of umpiring? Remember, the majority of the Umpires are 12-16 year olds and they are learning.

87 responses

Great job x 4

Maybe feel the new ump's coming in should shadow an experienced ump

Inconsistent x3

How were the quality of the diamonds within NWLL?

87 responses

Rocky Ridge diamond needs work x5
Improve the dugouts x3

Did your child participate in the summer baseball program?

87 responses

-- need a coordinator

Rate the value of playing baseball with NWLL in terms of the registration fees.
